Paper & Material Types

At hyble, we offer a diverse selection of paper types and laminations, ensuring we can always find the ideal match for your requirements. Below is a list of our categories, along with details about the recommended standard stocks and laminations, providing information on their use cases, thickness, and texture.

Menu & POS

Standard Card Stock

Our Standard Card Stock is produced on 12pt Card, it offers a sturdy feel while maintaining flexibility. It's a popular choice for various printed materials like Menus, Shelf Talkers, or Posters.

Standard Card Stock with Gloss or Matte Lamination

Our Standard Card Stock is available to order with Matte or Gloss Lamination for a splash resistant double sided protective layer.
Can be ordered up to 24" x 36"

Synthetic Stock

Synthetic Stock is a durable, water-resistant alternative to traditional paper. Crafted from synthetic materials, it withstands spills and tears while maintaining a professional look for menus.
Can be ordered up to 11" x 17"

Premium Card Stock

Our Premium Card Stock is produced on 14pt card. It's a robust and durable choice for your printed materials. It offers a thicker, more substantial feel, making it an ideal Premium.

Premium Card Stock with Gloss or Matte Lamination

Our Premium Card Stock is available to order with Matte or Gloss Lamination for a splash resistant double sided protective layer.
Can be ordered up to 24" x 36"

Lamination Options

Lamination is a special coating applied to print material to help reinforce it and add durability. Enhance your print materials with our flush-cut, 3mm thick lamination. If you're in search of a longer lasting, waterproof option, consider our Synthetic Stock for maximum durability.

Thickness Options - 3 mil (standard)

Finishing Options - Gloss (standard) | Matte

Gloss

Matte

CUSTOM FORMATS OUTSIDE OUR STANDARD CATALOG ARE INDICATED WITH AN ASTERISK (*) AND WILL REQUIRE A SEPARATE QUOTE.

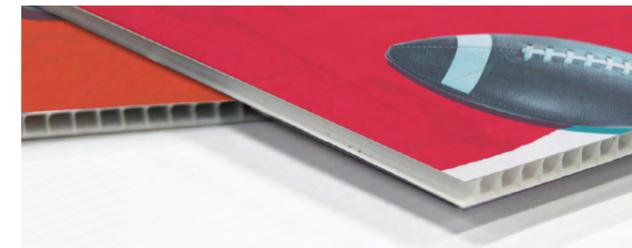

Poster

Poster Board

Our Poster Board is produced on converd board, it offers substantial thickness for impactful displays. Ideal for posters and signage, its robust quality ensures durability perfect for eye-catching promotions.
Can be ordered up to 46" x 94"

CUSTOM FORMATS OUTSIDE OUR STANDARD CATALOG ARE INDICATED WITH AN ASTERISK (*) AND WILL REQUIRE A SEPARATE QUOTE.

Sets vs Pages

Sets consist of individual pages, each featuring unique designs. They are commonly utilized for insertion into menu books and are inherently single-sided due to their diverse page layouts.

2 Page Set
2 single sided pages

3 Page Set
3 single sided pages

4 Page Set
4 single sided pages

Single Sided vs Double Sided

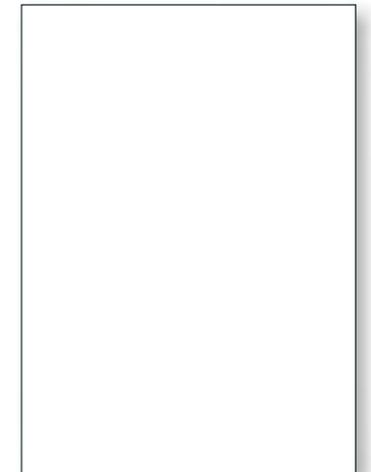

Single-sided printing focuses on using one side of the menu sheet, ideal for concise menus or standalone offerings. In contrast, double-sided printing maximizes space by utilizing both sides of the page, allowing for extensive menus or additional information without overwhelming a single sheet. Your choice depends on the menu's complexity and the desired presentation.

Single Sided (1 Page)

Single-sided printing concentrates on using one side of the menu, perfect for streamlined, concise layouts. Ideal for smaller menus or focused point of sale, this approach ensures clarity and simplicity in showcasing your offerings. If you're aiming for a straightforward menu without overwhelming details, single-sided printing might be your ideal choice!

Front

Back

Double Sided (2 Page)

Double-sided printing utilizes both sides of the menu, allowing for expanded space to present a wider array of offerings or additional information. Ideal for comprehensive menus or when you want to include more details, this approach maximizes content without cluttering a single page. If you're seeking to showcase a diverse range of offerings or provide extensive information, double-sided printing offers the space and flexibility to do so!

Back

Custom Order Process

Average Timescales: 11-28 days total*

*Detailed breakdown of timings on following page and dependant on order complexity

Step 1 – Requesting your Order

What to tell us?

- What size?
- What material?
- What finish would you like?
- What quantity do you require?

What to supply us?

Design Brief

To allow our designers to craft a unique design, share content details and design preferences. Include imagery choices, drink specifics, and desired style cues for a tailored menu that captivates your audience and suits your account's atmosphere.

If you already have the menu design that you need printed, please provide any print-ready artwork during the brief process.

Example –

Poster –
Width"xHeight"
Plasticore

Hot Tip! Supplying drink lists

To help speed up your order processing time, please supply us with your drinks list via the **Product Form** in the hyble Custom order flow, or if uploading as a document, in **Excel, Word** or **PDF** format. We are unable to accept handwritten briefs.

Step 2 – Awaiting Quote

Print Quote

Once we have received your brief, if your order requires print, it will be processed and reviewed with our production team and sent for quote if the product is not in our standard catalogue. We will communicate **production times** at this stage.

We may reach out to you for additional details at this stage.

Step 3 – Awaiting Approval

Manager Approval

As soon as we have processed your quote, your order will be sent for manager approval.

The job will then proceed as soon as your manager approves your order.

Step 4 – Custom Design

If you've chosen a Custom Design, our team will promptly handle your request, delivering an initial proof within 3-5 business days for your review and refinement.

Step 5 – Proof

Customer Feedback

At this stage, you will have the proof of your Custom Design, the job will proceed as soon as you either approve or ask for amendments to the proof provided.

Hot Tip! Proofing

Keep an eye out for proof emails in your inbox!
Custom Hyble <notification@hyble.app>

Step 6 – Order Complete

Complete

Once your artwork is approved for print the job will be completed by our Custom Admins

Production

Your order will enter production, at this point, no further changes can be made to your artwork

Remember, production times will be communicated at the approval stage.

Shipping

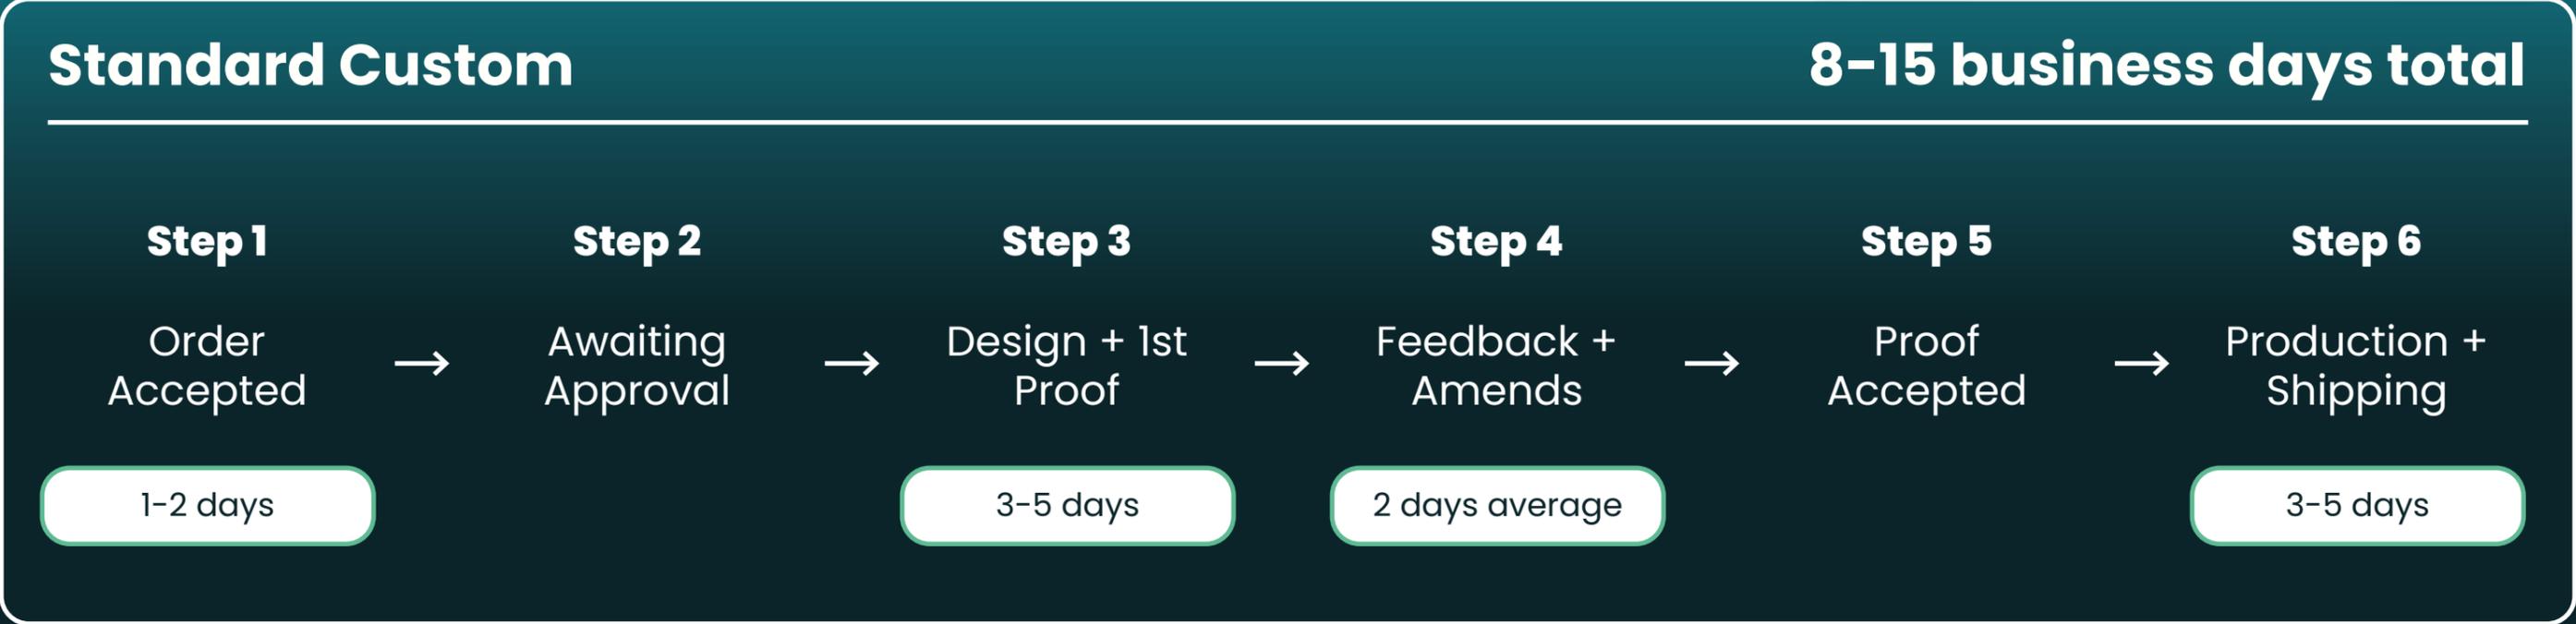

Your order will be dispatched to your selected address.

Production times are on the following page, and are estimates which may vary based on complexity of order.

Custom Order Process | Average Timescales*

Self Serve Orders submitted on hyble are delivered within 3-5 business days after manager approval.

*Please note above timings are indicative and will vary based upon request complexity, SGWS or supplier response times. If you wish to check the status of an order or timings please contact our help team at help@hyble.tech

Menu Jackets	32
Check Presenter	33
LED Menu Book*	34

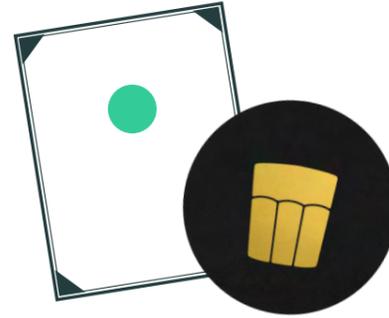

**kindly note items marked with an asterisk are only available for compliant markets*

Menu Book Order Process

Step 1 - Requesting your Menu Book

To place a Menu Book order, access hyble and navigate to the custom order intake form. We've detailed below the key parts to highlight in order to speed up the process.

What to supply us?

Vector or High Resolution Logo

Using anything other than a vector or high-resolution logo may affect the final quality.

If you have a low-quality logo, don't worry – we offer a logo recreation service. Feel free to inquire with our team for more details.

What to tell us?

- What **size and style** of menu book?
- What **material** are you after?
- What **finish** would you like on your menu book?
- Where should the **placement of your logo** be?
- What **quantity** of menu books do you require?
- Do you require **inserts** to be created or printed?

Example -

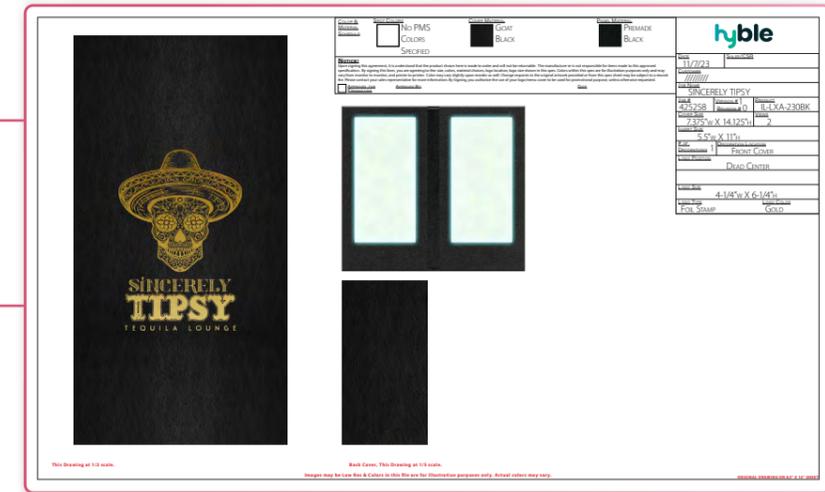

4.25 x 11 – 3 Panel 4 View Black Leatherette
Gold Foil Stamp, Optical Center
50 Quantity | No Inserts

Step 3 - Proofing

Upon receiving approval, your order will enter the design queue. Once picked up, a proof will be created to showcase the appearance of your menu book. During this stage, you have the chance to review and confirm the following:

Are you happy with the size of the logo?

Are you happy with the position of the logo?

Has the correct format size been used?

Step 2 - Vendor Recovery

Once we receive your request and update the price accordingly, we'll move on to vendor recovery. To complete the chargeback process, we always need the inserts that will be added to the menu books, even if they've already been completed.

If inserts have been completed via hyble self serve -
Send us over the order number.

If placed as a separate custom order -
Send us over the order number.

If you have printed the inserts elsewhere -
Send us over a pdf or a clear photograph that can easily be transcribed.

hyble

This is your Vendor Recovery Estimate based on:

Total Order Cost*: \$ 2,357.14
Vendor Recovery Estimate: 100%
Order Type: Menu Books with Inserts

Supplier	Menu Item	# of Mentions	Chargeback Estimate
HEAVEN HILL SALES CO	Evan Williams Bourbon	2	\$ 59.67
FOUR ROSES DISTILLERY LLC	Four Roses bourbon	1	\$ 29.84
LUXCO INC	Ezra Brooks rye whiskey	2	\$ 59.67
SAZERAC COMPANY INC	Sazerac rye whiskey	1	\$ 29.84
PERNOD RICARD USA	Absolute Citron vodka	2	\$ 59.67
MCCORMICK DISTILLING CO	360 Huckleberry vodka	2	\$ 59.67

Step 4 - Production

Approval Confirmation: Once you approve your Menu Book proof, the order proceeds to the production phase.

Varied Production Times: Production duration varies based on factors such as size, style, and quantity. For custom or non-standard jobs, additional time may be required.

Clear Communication: Our dedicated Custom admins will always communicate the expected turnaround times when you place your order.

Quality Assurance: We're committed to crafting your Menu Book meticulously, ensuring it meets your specifications and standards.

Feel free to contact us if you have any queries or need assistance. We're dedicated to making sure your order is handled efficiently and meets your expectations.

Typical Production Time
20-25 business days

Finish Options

Logos for stamping should be submitted at least 300 dpi in either .eps or .pdf file format. A proof will be sent for logos stamped on custom books or material.

Please allow a minimum of 2 business days for logo proof turnaround.

Foil Stamp

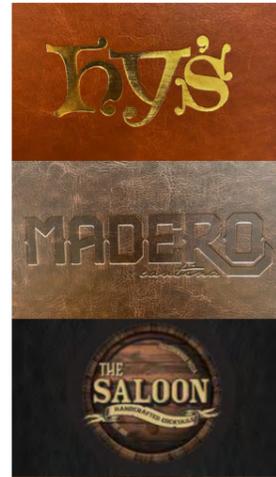

Stain resistant and durable, this is an un-padded menu cover finish with Foil embellishment on the front cover. Foil is suitable for detailed images or logos.

Blind Deboss (no color)

Stain resistant and durable, this is an un-padded menu cover finish with 1 Blind Deboss embellishment on the front cover. Blind deboss is suitable for thick, bold lines for logos or images.

4-Colour Screen

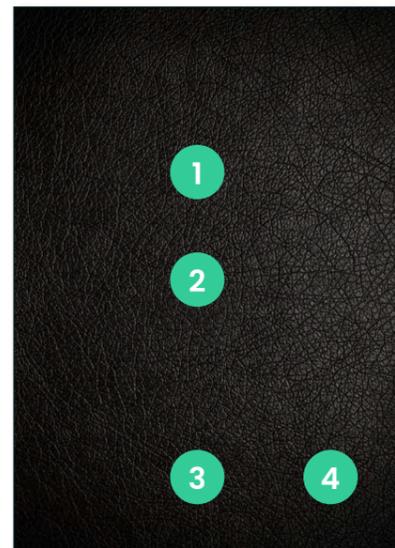

Our 4-color screen printing portray's your logo with vibrant, detailed color.

Logo Placement

Logo placement matters! It's a visual cue that draws attention, impacts perception, and reinforces brand identity, enhancing recognition and appeal.

- 1 Optical Center**
Strategically positioning the logo slightly above the actual center creates visual balance, seeming centered to the human eye.
- 2 Dead Center**
Placing the logo in the middle grabs immediate attention, acting as a focal point for the menu's visual appeal.
- 3 Dead Center Bottom**
Placing the logo at the bottom center anchors the menu, offering a subtle yet prominent brand presence.
- 4 Lower Right Corner**
A bottom-right logo placement complements natural reading flow, subtly signifying closure while reinforcing brand recognition without overpowering the content.

Menu Books

Standard Leatherette Menu Book
